

Damage Repair Specialists
Cleaning * Construction * Consulting

WELCOME TO ALL DISASTER SERVICES

Thank you for your interest in working with All Disaster Services. All Disaster Services is a Professional Service firm specializing in Cleaning, Construction, and Consulting of all types of Disasters: fire, smoke, wind, water damage restoration, all types of mitigation and structural drying, re-construction of vehicle impacts, tornadoes, and other structural damages. All Disaster Services performs Cleaning & Damage Restoration of Commercial, Industrial, and Residential structures and contents. All Disaster Services prides itself on serving the insurance industry and their customers with the utmost care and attention in all types of Disasters and claims situations.

We pride ourselves as a professional team of craftsmen qualified by experience and training to provide quality Cleaning, Construction and Restoration services throughout Ohio. We are proud to add you to our team and look forward to a lasting relationship with you and your company.

All Disaster Services is founded on the principles of professionalism and consistency. We expect our subcontractors to operate the same way. It is important that you remain professional at all times and that consistent procedures be used no matter what type of job you perform, or in what market. In order to preserve this consistency, we assembled documents (both legal and informal), policies and/or procedures you will need to follow in order to perform for All Disaster Services as a subcontractor or supplier. The information in the following Subcontractor's Packet will need to be read and the forms will need to be fully completed in order for you to work for and/or receive payments from All Disaster Services.

Please feel free to contact William Mangelluzzi with any questions regarding this packet or its contents.
